

## Our Bellissima Price Match Promise

All of our bridal gowns are offered for sale at the designer's recommended retail price.

In the unlikely event that you find any of our gowns cheaper at another wedding shop in Essex, we will happily offer a price match. However, there are a few conditions which are worth checking out before asking us to match;

- 1/ That the cheaper price is not part of a promotion;
- 2/ The gown isn't being offered to you 'off-the-peg' and therefore cheaper because it's not a new order;
- 3/ The cheaper price is for an identical and original item from an authorised retailer;
- 4/ Whether the price includes alterations or not;
- 5/ Whether the price includes storage or not.

As a full-service salon, we do of course offer access of our fully qualified in-house seamstresses, and fittings take place in our beautiful fittings suite, but please note that our **alteration costs are additional**.

Fully insured storage at Bellissima Weddings is charged at £35 per year or part of, and we cannot match or discount this fee.

For us to consider your price match, you will need to provide written proof of the cheaper price.

Price matching must be agreed at the time of ordering and will not be offered retrospectively.

We reserve the right to withdraw or vary this offer at any time.
